PRESENTATION CONCERNING A DESIGN AND CONSTRUCTION 101

Sherry Diemart, Director of Infrastructure Department, Adam Kiley, Manager of Linear Infrastructure Projects, Tawnya Gurchin, Manager of Development Special Projects, Wesley Reid, Manager of Vertical Infrastructure Projects and Graeme King, Project Controls Manager provided a presentation concerning an overview of the City's Design and Construction Branch.

Ms. Diemart, Mr. Kiley, Ms. Gurchin, Mr. Reid, and Mr. King discussed slides concerning the following topics:

- The organizational chart of the Infrastructure Department;
- The Department's projected capital costs and needs over the next ten years;
- The Branches of the Infrastructure Department including, capital planning, design and construction, project management, and engineering support;
- The role and responsibilities of the Linear Infrastructure Projects Team and examples of its projects;
- The role and responsibilities of the Developer and Special Projects Team and examples of its projects;
- The role and responsibilities of the Vertical Infrastructure Projects Team and examples of its projects;
- The Integrated Projects Team's proactive approach to consultation with key stakeholders;
- The role, responsibilities, and goals of the Integrated Projects Team; and
- A summary of the accomplishments of the Design and Construction Branch.

In closing, Mr. King thanked members of Committee for the opportunity to share how the Department is successfully leading a positive legacy and achieving their fundamental goal of providing a community benefit.

Members of Committee asked a number of questions of City staff and received responses.
